INTRODUCTION: WHY MONTHLY CHECK-INS MATTER

Welcome to Your Progress Tracker!

This workbook helps you stay on track during your 6-month project journey (May-October).

Why monthly check-ins are important:

- ✓ **ACCOUNTABILITY** - You commit to making progress each month
- ✓ **COURSE CORRECTION** - Catch problems early before they become big
- ✓ **DOCUMENTATION** - Record your journey for the final report
- ✓ **MOTIVATION** - See your progress, celebrate wins
- ✓ **LEARNING** - Reflect on what's working and what's not

What Happens If You Don't Track Progress?

Many projects fail because:

- Teams lose momentum after the first month
- Small problems become big crises
- No one remembers what they did (poor documentation)
- Team members disagree about who did what
- October arrives and there's nothing to report

Don't let this happen to you!

Monthly check-ins take only 30-60 minutes but keep your project alive.

PHOTO DOCUMENTATION GUIDE

WHY PHOTOS MATTER

Photos are your PROOF that:

- The problem exists
- You did the work
- You made an impact
- Real people benefited

Without photos, your project story is much weaker.

WHAT TO PHOTOGRAPH

EVERY MONTH, TAKE PHOTOS OF:

- ✓ **Your team working** (show action, not just posing)
- ✓ **The people you're helping** (with their permission)
- ✓ **Before/during/after** of the problem being solved
- ✓ **Materials and resources** you're using
- ✓ **Community members participating**
- ✓ **Any challenges** you're facing
- ✓ **Small wins and milestones**

PHOTO TIPS FOR SMARTPHONES

1. LIGHTING:

- Shoot during daytime when possible
- Avoid harsh midday sun (early morning or late afternoon is best)
- If indoors, stand near windows

2. COMPOSITION:

- Get close to your subject
- Include people's faces (shows human impact)
- Show context (where is this happening?)
- Take multiple shots of the same thing

3. TECHNICAL:

- Hold phone steady (lean against something if needed)
- Clean your camera lens before shooting
- Use the gridlines on your camera to center subjects
- Don't use digital zoom (step closer instead)

4. STORYTELLING:

- Capture emotions (smiles, concentration, teamwork)

- Show the scale (how big is the problem/solution?)
- Document the process, not just the result

HOW MANY PHOTOS?

Minimum: 10 photos per month

Recommended: 20-30 photos per month

Best practice: Take 50+ photos, choose the best 20

PHOTO STORAGE

Organize your photos by month:

Create folders:

- ☐ NBC_Project_May_2026/2027
- ☐ NBC_Project_June_2026/2027
- ☐ NBC_Project_July_2026/2027
- etc.

Backup your photos:

- Upload to Google Drive/OneDrive
- Send to mentor
- Keep on multiple devices

Don't lose your photos! They're essential for your final report.

GETTING PERMISSION

Before photographing people:

1. Explain you're doing a Nation Builders project
2. Ask: "May I take your photo to show the impact of our work?"
3. If they say no, respect it
4. For children, ask parents/teachers first

PHOTO CAPTIONS

For each photo, write a brief caption:

Format:

"[What's happening] in [location], [date]. [Impact/significance]."

Example:

"Ada teaching 10 children to read at Mushin Primary School, June 15, 2026/2027 These children have improved their reading by 2 grade levels in one month."

PROBLEM-SOLVING WHEN YOU'RE STUCK

COMMON PROBLEMS & SOLUTIONS

PROBLEM 1: We're running out of money

SOLUTIONS:

- ☐ **Get creative with free/cheap alternatives**

What can you use that costs nothing?

- ☐ **Ask for in-kind donations**

What can people donate (services, materials) instead of money?

- ☐ **Organize a small fundraiser**

What can you sell or do to raise ₦5,000-10,000?

- ☐ **Simplify your approach**

What's the minimum version that still works?

- ☐ **Partner with a local business**

What business might sponsor you for publicity?

PROBLEM 2: Team members aren't showing up

SOLUTIONS:

- ☐ **Have a direct conversation**

"We need you. What's stopping you from participating?"

- ☐ **Adjust meeting times**

Maybe the schedule doesn't work for everyone?

- ☐ **Clarify expectations**

Does everyone know what's expected of them?

- ☐ **Make it more engaging**

Is the work boring? How can you make it fun?

- ☐ **Last resort: Replace them**

If they won't commit, find someone who will

PROBLEM 3: The community isn't participating

SOLUTIONS:

- ☐ **Ask them why**

"What would make you more interested in this project?"

☐ **Involve them in planning**

Did you design this FOR them or WITH them?

☐ **Show early wins**

Even small successes can build momentum

☐ **Find a community champion**

One respected person can influence many others

☐ **Address their concerns**

Are they worried about something?

PROBLEM 4: Our solution isn't working

SOLUTIONS:

☐ **Diagnose the problem**

What specifically isn't working? Why?

☐ **Ask for expert advice**

Who has solved this problem before?

☐ **Test a different approach**

What's Plan B?

☐ **Adjust expectations**

Maybe you need to solve a smaller piece first?

☐ **Learn and pivot**

It's okay to change your strategy

PROBLEM 5: We're exhausted and want to quit

SOLUTIONS:

☐ **Take a short break**

Rest for a few days, then return refreshed

☐ **Remember your WHY**

Why did you start this? Read your Values Commitment

☐ **Celebrate what you've done**

Don't focus only on what's left

☐ **Ask for help**

Call your mentor or coordinator

☐ **Adjust the pace**

Maybe you're trying to do too much too fast?

☐ **Lean on your team**

Talk about how everyone is feeling

PROBLEM 6: We have a conflict in the team

SOLUTIONS:

☐ **Address it immediately**

Don't let resentment build

☐ **Have a team meeting with ground rules:**

- Everyone gets to speak
- Listen without interrupting
- Focus on the problem, not the person
- Find a solution together

☐ **Get a mediator**

Ask your mentor to help facilitate

☐ **Clarify roles**

Sometimes conflict comes from confusion about who does what

☐ **Practice the value of HUMILITY**

Apologize if you were wrong. Forgive if others were.

WHEN TO ASK FOR HELP

Contact your regional coordinator if:

- ☐ You're stuck and can't figure out what to do
- ☐ You haven't made progress in 2 weeks
- ☐ Team conflict is affecting the project
- ☐ You need resources you can't get
- ☐ Community is hostile to your project
- ☐ Safety concerns arise
- ☐ You're considering quitting

Don't suffer in silence. NBC is here to support you!
