THE NBC LEARNING JOURNEY

What Happens During the Year

STAGE 1 — INVESTIGATION

Builders explore their school and community to identify genuine problems that need solving. They gather data, conduct interviews, and choose the issue their NBC will tackle that year.

STAGE 2 — PLANNING

Teams set clear goals, assign roles, create timelines, prepare budgets, and develop a step-by-step project plan under the guidance of their teacher advisor.

STAGE 3 — ACTION

Builders execute their plan, implement their solution, and create measurable, real change within their community — learning by doing every step of the way.

STAGE 4 — REFLECTION

Teams review what worked, what didn't, and what they learned. They document their journey honestly and prepare their story for the wider world.

STAGE 5 — DEMONSTRATION

At the Grand Finale, NBCs present their achievements to parents, teachers, and stakeholders — inspiring the next wave of Nation Builders across Nigeria.

Every NBC is guided by a **teacher advisor** and keeps **detailed project records** at every stage — building real portfolio experience from day one.

INSIDE THE PROGRAMME

What Builders Experience

Builders don't simply attend meetings—they solve real problems and build lifelong leadership skills.

Working Together

Collaborate with a diverse team of peers to tackle challenges no individual could solve alone.

Conducting Research

Gather real data, interview community Builders, and develop evidence-based solutions.

Speaking Confidently

Present ideas to teachers, parents, and stakeholders with clarity and poise.

Planning Projects

Set goals, manage budgets, assign tasks, and keep teams on track and on time.

Helping Communities

Design and deliver solutions that genuinely improve lives in local communities.

Celebrating Wins

Receive recognition at the annual Grand Finale for outstanding impact and leadership.

Learning by Doing

Every Nation Builder develops practical skills, real confidence, and a servant leader's heart — action, not just instruction.

SIGNATURE EVENTS

Milestones That Matter

The Nation Builders Conference

Builders representing schools from across Nigeria come together for an intensive gathering. Builders learn from inspiring mentors, refine their project ideas, build lasting friendships, receive hands-on training, and return to their schools equipped and energized to turn big plans into real action.
